

NORTH CAROLINA STATE UNIVERSITY  
Department of Mathematics

The Department of Mathematics at North Carolina State University expects to make a postdoctoral appointment in the area of electronic structure computations on the next generation of high-performance computers. We seek candidates with experience in at least one of multi-level methods for linear and nonlinear equations or eigenvalue problems, or DFT methods for electronic structure computations on high-performance computing platforms.

To submit your application materials, go to [www.mathjobs.org/jobs/ncsu](http://www.mathjobs.org/jobs/ncsu). Include a Cover letter, curriculum vita, a brief description of research interests and three letters of recommendation. You will then be given instructions to go to <https://jobs.ncsu.edu/applicants/Central?quickFind=78465> and complete a Faculty Profile for the position. Write to [math-jobs@math.ncsu.edu](mailto:math-jobs@math.ncsu.edu) for inquiries concerning this position.

AA/EEO In addition, NC State welcomes all persons without regard to sexual orientation. Effective April 1, 2007 final candidates for employment will be subject to criminal and sex offender background checks. The College of Physical and Mathematical Sciences welcomes the opportunity to work with candidates to identify suitable employment for spouses or partners. Applications will be received until the position is filled.
