

Wolfpack M⁶ Contest

The Mathematics Department sponsors the **Wolfpack Magnificent, Monthly, Mesmerizing, Money-Making, Minatory, Mathematical Problem Contest** for undergraduate students of North Carolina State University. Each month of the Academic Year a problem is posted. Sometimes the problem is somewhat tame, and sometimes it is not. The student submitting the **first correct** solution for the month's problem is recognized and receives a cash prize of one one-hundred-thousandth of **one million dollars!**. If several correct solutions are submitted at the same time, the best solution is chosen.

Rules:

1. Contestants must be currently enrolled undergraduates at NCSU.
2. Submitted solutions must be complete and readable. Include your name, e-mail address, class, and curriculum.
3. Submit your solution electronically to iakogan@ncsu.edu. Electronic submissions must be in PDF or PostScript with the file size less than 200Kb. Microsoft-based submissions, such as Word, are not accepted.
4. **Submissions are accepted during the time period posted with each problem. Early submissions are considered to be received at the first second of the time period for the submission.**
